

Our Services

Comprehensive packaging solutions tailored to meet the unique needs of your industry.

Thermoforming

Versatile & cost-effective packaging process, using **PP/PET/HIPS/PLA**. Creates packaging up to 1m x 1m, ideal for automotive, food, and electronics industries.

Injection Moulding

Precision components up to 320 g per product. Offers design flexibility and consistent quality. Suitable for automotive, medical, and consumer goods, with cavity counts based on product dimensions.

PP Packaging

Durable, lightweight solutions in fluted or corrugated PP sheets up to 1.2m x 1.2m. Ideal for making boxes, partitions, and more for agriculture, automotive, and advertising.

Why Choose Us?

- **Unmatched Expertise**
With **29 years** of experience in the packaging industry, we've honed our skills to deliver top-tier solutions that our clients trust.
- **State-of-the-Art Facilities**
Our **10,000 sq. ft. manufacturing unit** is equipped with the latest machinery, ensuring precision and efficiency in every project. Automated production systems enable us to meet large-scale demands without compromising on quality.
- **Stringent Quality Control**
From design to delivery, we maintain the highest standards in quality control, ensuring that every product meets or exceeds expectations.
- **Customized Solutions**
We understand that each client's needs are unique. Our bespoke packaging solutions are tailored to enhance product protection, presentation, and overall brand experience.
- **Timely Delivery**
Our efficient processes ensure prompt, on-time deliveries, minimizing operational disruptions and ensuring your packaging arrives exactly when needed.

meridian
MARKET RESOURCES

Innovative Packaging Solutions for a Better Tomorrow

Delivering innovative, sustainable packaging solutions that protect your products and the environment.

With over three decades of industry expertise, **Meridian Market Resources** is a leader in innovative packaging solutions. We specialize in high-quality **Thermoforming, Injection Moulding, and PP Corrugated** packaging, delivering customized products that protect and present your items with precision and care.

Our commitment to excellence is reflected in our **ISO 9001:2015** and **IATF 16949:2016** certifications, ensuring the highest standards in manufacturing and quality control. We pride ourselves on our cutting-edge technology, automated production capabilities, and our dedicated team, including many skilled women professionals, driving forward packaging innovation.

➤ Our Mission

To provide world-class packaging solutions that exceed customer expectations with superior quality and value.

➤ Our Vision

To be the one-stop partner for engineered plastic packaging, continually improving our processes to meet evolving market needs.
